**Refer to Item 5.4.2, PDE 14-23**

Wenda Abel, Resident, expressed concerns regarding the lack of implementation of safety measures including the installation of flashing lights at pedestrian crossovers in Port Whitby. She stated that nine locations were listed in Report PDE 14-23 for safety improvements throughout Whitby, but that there were none in Port Whitby. Ms. Abel noted four high risk, high volume pedestrian crossing locations in Port Whitby including Watson Street at Port Whitby Marina waterfront trail, Watson Street at Brock Street South, Watson Street at Charles Street South, and Front Street at Brock Street South that were either not marked or signed, marked but not signed or not marked or signed, but have accessible curve cuts. She stated that development in the Port Whitby area would result in increased population, pedestrians, visitors, traffic, and use of the pedestrian crossovers. ## 6.2 Delegations

### 6.2.1 Nicole Keane, Owner, 417 Byron Street North (In-Person Attendance)

Re: LS 13-23 Legal and Enforcement Services Department Report Business Licensing By-law Exemption Request - 417 Byron Street North

#### **Refer to Item 6.4.4, LS 13-23**

Nicole Keane, Owner, 417 Byron Street North, appeared before the Committee and advised that she owns and operates Whitby Transitional Community Care (WTCC). She indicated that when she purchased the home in June 2021 there were already 17 occupants, and that she was unaware that she was in contravention of any by-laws. She provided detailed information about the home, the various services provided within the home, the visits from the Assertive Community Treatment (Act) Team, and the rules of the home. She advised that most of the tenants were from Ontario Shores Centre for Mental Health Services (OSCMHS) and that they move into the home when they were rehabilitated and stable, noting that her job was to continue to support their stability

and advise nurses and social workers of their progress. Ms. Keane provided detailed information about the occupants, noting that most of them do not have family support, that they support each other and feel safe, accepted, and part of a family. She stated that a neighbour filed a disturbance of the peace complaint due to a new resident that screams. She advised that this resident requires extensive services and has complex needs. Ms. Keane provided details about the ongoing work to curb his behaviour and to find a new residence and/or proper facility for him. She advised that following an inspection by Town Staff, she was ordered to remove 7 residents which would exacerbate their mental health challenges and increase their anxiety. Ms. Keane advised that homelessness was a concern for the men due to high rental costs and discrimination, noting that homeless people with mental illness generate high costs for the community. She stated that that she provides an independent living facility with low and affordable rent, a high quality of life, and a service for the community that keeps vulnerable men off the streets and out of the parks. Ms. Keane advised that OSCMHS would not take the residents back, and that it was challenging to find housing for 7 men. She indicated that removing 7 people would change the business model and reduce or eliminate the services all people in the home receive. Ms. Keane stated that she hopes to work with the Region of Durham and the Town of Whitby to receive financial support to bring the home up to current standards. She requested that the by-law exemption request be approved to permit 17 residents and 2 employees to reside at the WTCC home.

Re: 2023-24 Winter Maintenance Service Improvements

A question and answer period ensued between Members of Committee and Staff regarding:
